Sorghum outlook poor

Corn blight threat discounted

Southern corn leaf blight is not expected to pose any problem to Medina County farmers, and damage from deer was diminished.

Glenn Bragg, Medina County agricultural agent, along with Jose Amador, area plant pathologist from Weslaco, toured county corn fields Tuesday.

While corn producers are not expected to face a problem from leaf blight, the grain sorghum picture is not bright, Bragg said. The crop needs moisture badly within the next two weeks, he said.

The county agent said a few lesions, tentatively identified as southern corn leaf blight, were found on some plants.

"As far as the southern corn leaf blight doing any damage," Bragg reported, "we did not find any damage, and there is nothing to be alarmed about as far as the producer is concerned."

"About the only thing that would activate these lesions would be humid, hot weather with leaf surface humidity running approximately 95 per cent, and temperatures running above 85 degrees."

He said such conditions do not appear likely this year without a change in the weather.

Amador and Bragg did find some spider mite damage on the Rene and Julius Aelvoet farm, and on another farm in the eastern part of the county.

"This is the first time I know of that spider mites have ever bothered our corn, especially when it's waist high," Bragg said.

The two men also found a corn field on the Leo Hitzfelder farm near Castroville infested with thrip.

However, Bragg said, areas with spider mite and thrip are small, and "... I don't feel farmers should be alarmed about it or that they should spray."

He said an area entomologist at Weslaco will study information on the county's spider mite and

thrip infestations, and make recommendations in a few days.

"I definitely don't think thrip are going to be economical to control," Bragg added. "They're in a very small area, and the corn is growing out well."

The county agent said insurance adjusters won't commit themselves on hail damage to corn crops

ALL OVER BUT THE SHOUTING

Museum Day 1971 is now a memory. And it is a good one, according to preliminary figuring. Incomplete estimates indicate we will do as well as we did in 1970 and that event cleared somewhere near \$3100. All expenses are not in for Saturday's big blow out, so a final and accurate report cannot

Absentee ballots available

Medina County Clerk Henry Schulte said today that absentee ballots for the May 18 special election are available at his office in the courthouse in Hondo.

Absentee ballots must be

completed and in the clerk's office by 5 p.m. Friday, May 14.

Persons who live in Medina County and expect to be away on May 18 may fill out an application for an absentee ballot and vote at the office of

the clerk in Hondo.

Voters who are registered in Medina County and are temporarily residing out of the county, or disabled persons who cannot get to the courthouse, may write for absentee applications and ballot lots.

Those who write in will be sent an application, a ballot and a return envelope. Their applications must be notarized and returned with their ballots to reach Hondo by May 14.

There are two ballots for this election. One ballot lists four proposed amendments to the constitution of Texas.

A separate ballot pertains to local option for or against sale of mixed beverages.

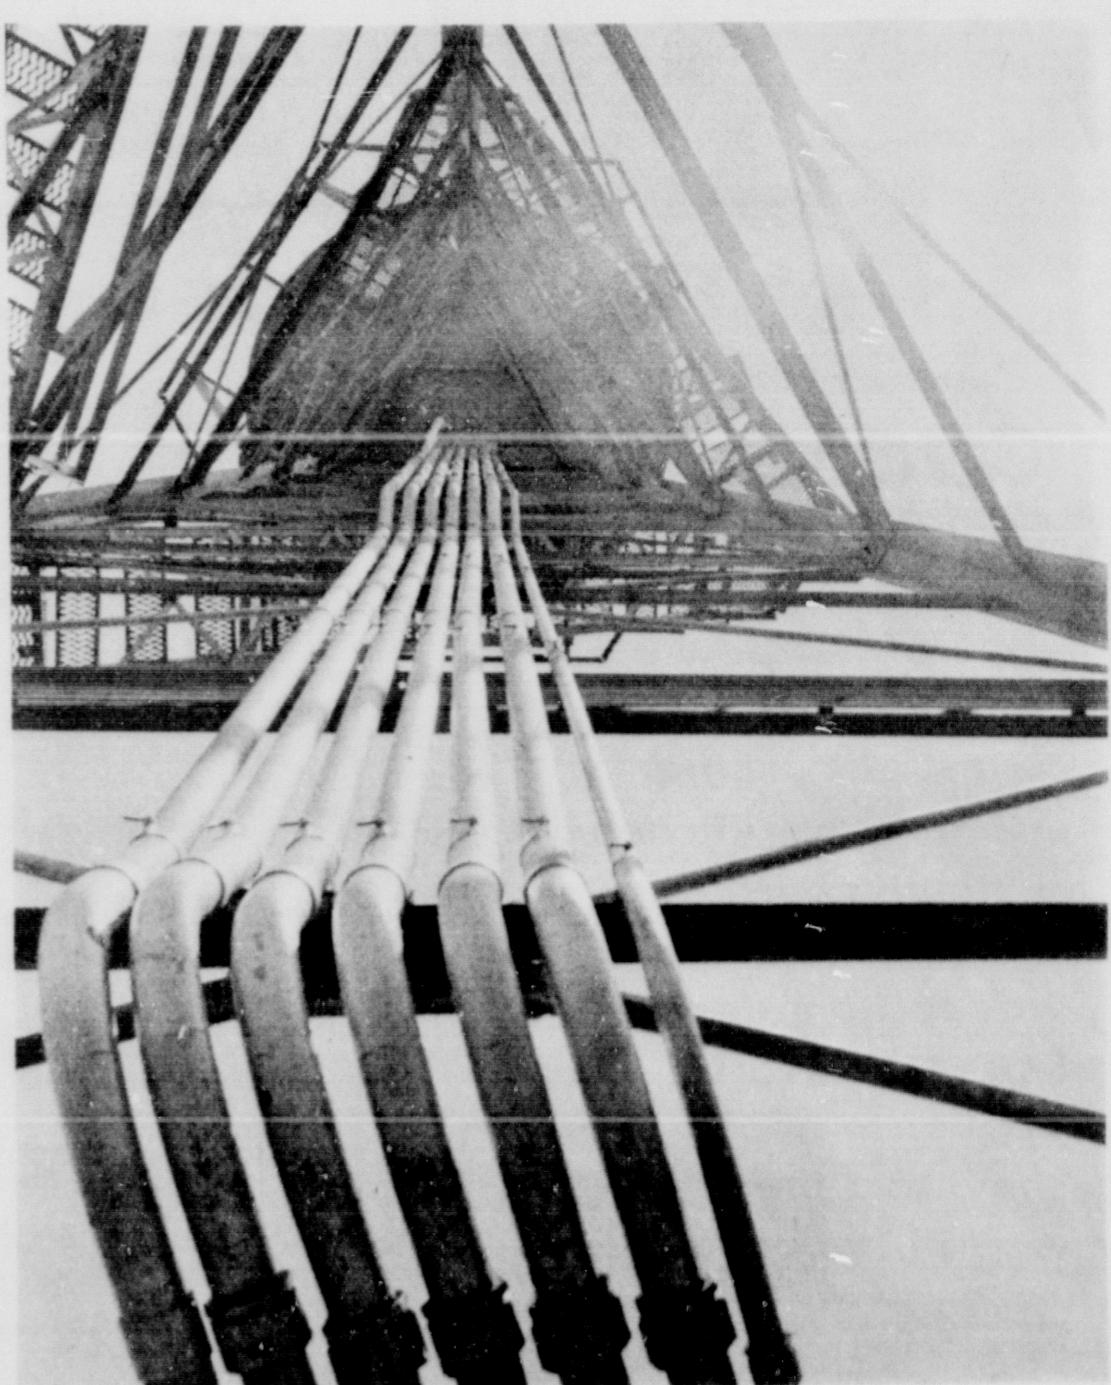

Sweepstakes winners in action

Museum Day festivities began Saturday morning at 10 o'clock with a band concert by the Hondo High School Band directed by Billy Harrell. The band was honored recently

when it won the sweepstakes award in competition at Fredericksburg. After getting off to a musical start at the National Guard armory, Museum Day went on to entertain large crowds

throughout the day with many organizations joining hands to raise money for the county museum. Funds will be used to help restore the old Southern Pacific Depot

Pipelines to the sky

Well, not really pipelines, but this electrical conduit snaking its way up the inside of a radar tower could be taken for pipes. The photo was taken at the air base late last week as con-

struction nears completion on the radar weather station. When finished, the tower will support a rotating radar dish to steal weather secrets from the sky.

Revival services slated by Hondo Baptist Church

Week long Revival Services are scheduled at the First Baptist Church in Hondo beginning Sunday, May 9 and extending through Sunday May 16.

The Rev. James Reid, pastor of the First Baptist, announced that services will be

held at 7:30 p.m. each week night and at 11 a.m. and 7 p.m. each Sunday.

He also said services will be held at 7 a.m. Monday through Friday, with coffee and donuts being served at 6:30 a.m.

The Rev. Jack Green, pas-

tor of the Shearer Hills Baptist Church in San Antonio, will lead the services throughout the week.

Rev. Green is a graduate of Baylor University and Southwestern Baptist Theological Seminary. He has served on many boards and committees since his graduation.

Leading the music will be Dennis Parrott, who serves as Minister of Music and Youth at the University Park Baptist Church in San Antonio.

Parrott graduated from Baylor University and Southwestern Baptist Theological Seminary with a Master of Religious Education.

"We cordially invite everyone to come attend all or any of our services next week," Rev. Reid said.

'Paupers oath' resented

State representatives to make Washington appeal for relief

State Representative John Poerner of Hondo will be part of a part of a Texas delegation of four representatives to emphasize the severity of drought conditions to federal agencies in Washington, D.C. Speaker Gus F. Mutschler announced today.

"The Texas farmers and ranchers have appealed for tangible help -- not a whirlwind tour by Secretary of Agriculture Hardin which did not fully cover the drought stricken areas," Mutschler said.

"U.S. Senator Lloyd Bentsen is coordinating our representatives' trip to Washington Monday so that the true facts and the urgency of the need for help may be known."

Other house members who will present photographs and give the farmers' and ranchers' views will be Rep. Oscar Carrillo, Sr. of Benavides, chairman; Tom Holmes of Granbury and Honore Ligarde of Laredo.

The House Committee, according to Rep. Poerner, will

urge the modification of the pauper's oath. Many ranchers and farmers are desperately needing feed for their stock, but are unwilling to sign the degrading pauper's oath now required to qualify for feed at reduced costs.

Texas Representatives will also encourage the administration to provide long term loans at low interest rates to farmers and ranchers who must have this assistance in order to survive and to continue to be productive in the future. They will also prevail upon the administration for help for agriculture and ranch workers who are already experiencing unemployment because of the severity of the drought.

The Texas delegation will return to the state Thursday, Poerner said.

Court session is scheduled

Judge Ross E. Doughty of Uvalde has scheduled a session of district court in Hondo Tuesday, May 11, at 10 a.m.

A jury commission has been ordered to report that day to select prospective jurors.

be given yet.

But I will say one thing: everyone sure seemed to have a good time.

There is no way of naming all the people who did so much toward making this event a success. If I tried, I would miss someone. Yet, I must single out Museum President John Wentz, for his participation. He went way "above and beyond...". To him and all who helped let this old chairman say: "Thanks."

POLITICS CAN BE STRANGE

Some of the supporters of H.B. 427, which passed the Texas House and is awaiting Senate action, are puzzled at the turnabout of Rep. John Poerner on the bill.

This bill would provide the citizen with group health or accident policies the right to go to the doctor of their choice. Poerner felt this was a good bill and he assured his support verbally and in a letter to Everett B. Vincent, D.C. of Hondo. The letter read:

"Thanks for your telegram in support of H.B. 427 by Nugent. I had previously committed to you and Dr. Ponish of Uvalde that I would favor this legislation and you can be assured that my commitment has not changed. I think it is only fair and practical to extend this coverage to all parts of the medical field."

But something happened between this letter and when the bill was brought up on the floor. On the first reading Rep. Poerner voted "No." On the motion to table he voted "No." And on the final reading he voted "No."

Now all these "no's" would indicate that Rep. Poerner went completely against the bill. However, politics must be politics and this wasn't exactly the case. His "no" against tabling the bill helped keep it alive, thus giving it the opportunity to pass.

What has the supporters concerned is the fact that Poerner said he would vote for the bill and then cast two votes against it. They feel that once his word had been given it should have been kept.

Continued from page 1

yet, and added that producers probably won't know what damage was done by the recent storm until they harvest.

Bragg estimates that about 20 thousand acres of grain sorghum were planted after the last rain.

However, he said, "Most of the grain sorghum that is up looks weak, stands are not uniform, and I feel that as we go into the summer, we're definitely going to have a midge problem, and probably some problems with maize dwarf mosaic and downy mildew."

The county agent also estimated that about 1500 acres of broom corn were planted after the last rain. George Koch, he said, had planted "quite a bit."

Some broom corn had been planted before the rain, and it "... definitely needed a little moisture to boost it along," Bragg said.

The rains also brought some relief to corn producers from heavy raids on their crop by deer.

Bragg said, "The deer are not moving into corn fields as badly, and, of course, I think the corn size has probably helped this."

"They don't like this larger corn until it begins to tassel, then they go along and pull the tassels out."

"But I don't think we're going to see as much of this, because moisture has caused a little bit of green growth in our pastures, and the deer are not moving into our fields like they were prior to the rain."

Alfred Matt Rath

Funeral services were held Monday at St. Paul Lutheran Church, Hondo, for Alfred Matt Rath, age 63, who died May 1, 1971 at Nix Memorial Hospital in San Antonio. Rev. A. M. Hanneman officiated.

Parents of the deceased were Victorio and Luciana Duran Martinez. She was born May 21, 1921 in Hondo.

Survivors include a daughter, Mrs. Orlalia M. Ruiz of Rosenberg, Texas; six sons, Isidro, Ramiro, Robert and Joe Martinez and Greg and Roy Barrios; a brother, Roman Martinez; and seven grandchildren.

Pallbearers were Tony Mendoza, Alfredo Malcorando, Joe Rosales, Alvaro Lopez, Roy Ramirez and Armando Dominguez.

Interment was in Guadalupe Cemetery with Guinn-Horger Funeral Home in charge of arrangements.

Survivors include his wife; a son, Alfred M. Rath, Jr. of Hondo; two daughters, Mrs. Barbara Christopher and Mrs. David McGraw, both of Hondo; two brothers, Rudy Rath of Leonard, Texas and Milton A. Rath, Hondo; and 8 grandchildren.

Pallbearers were Bill Nehr, Lawrence Carle, Arnold Mussman, Chester Walch, Milton Mechler and Charles Langfeld.

Interment was in Oakwood Cemetery with Guinn-Horger Funeral Home handling arrangements.

Juanita Lopez

Funeral services were held May 5 at Yancey Catholic Church for Mrs. Juanita Lopez, age 100, who died April 30, 1971 in Yancey. Rev. Emmet Carolan of St. John's Catholic Church, Hondo, officiated.

Mrs. Lopez was born June 25, 1870 in Mexico to Simon and Virginia Siliviano. Her husband, Julio Lopez, preceded her in death.

Survivors include a son, Abelino of Yancey; two daughters, Paula Sanchez of Hondo, and Gregoria Cabreta of Yancey; and 25 grandchildren.

A brother, Abelino Lopez of Glendale, Arizona, also survives.

Pallbearers were Raul Jasa, Abraham Garcia, Alphonse Tovar, Roman Guajardo, and Jesse Sanchez.

Interment was in Yancey Cemetery with Guinn-Horger Funeral Home handling arrangements.

Monica Martinez

Funeral services were held May 1 at St. John's Catholic

Museum Day 1971

such a huge success we express
our sincere appreciation.

The Officers & Board of Directors

Medina County Museum, Inc.

Worth all the trouble

Ask these men about the ribbing they have taken over growing beard and mustaches. They'll say plenty. But after Saturday, they might say it was worth it, for all three won something at the Museum contest. Floyd Saathoff (center) won the mustache cup for the best mustache; Michael King of Pearsall and KRME in Hondo (l) won the best growth; and Chuck Hackebell says they gave him the "booby" prize because they knew he wouldn't get upset. That's not really true. The cups are real old ones and were given by Mr. and Mrs. Darrell Maxwell of Pearsall. They were hand-painted by Mrs. Robbie Cannon of Pearsall.

Hay transportation cost

Assistance due some

Notice has been received that Medina County has been designated as an emergency area by the Office of Emergency Preparedness (OEP) and those livestock owners who qualify for livestock feed under the Livestock Feed Program are eligible for cost as-

sistance for transportation of hay.

Requests may be filed in the County ASCS Office after the hay has been shipped. However, hay which was shipped prior to designation of the county as an emergency

area by OEP (April 16) will not qualify for transportation assistance.

Payment of transportation charges shall be made only on hay approved for cost assistance and will be limited to:

1. Two-thirds of the transportation costs, not to exceed \$20 per ton, for hay hauled by commercial conveyance.

2. Six cents per ton, per loaded mile, not to exceed \$20 per ton, for hay hauled by the livestock owner in his own conveyance.

3. Two-thirds of the transportation costs, not to exceed \$20 per ton, when hay is delivered by the seller.

Producers shall submit a statement of transportation costs to the County Committee. For full details and payment procedure, contact the local ASCS Office.

Shipments must be completed by June 30, which is the end of this authorization period.

Full report due for Museum Day

Reports on the outcome of Museum Day 1971 will be given at an 8 p.m. meeting Monday, May 10, in the Medina Electric building.

All interested persons are invited to attend this meeting. Board of directors of the Medina County Museum, Inc. will be on hand as will Burns Lawrence, chairman of Museum Day.

"We hope to have some monetary figures to report,"

Lawrence said. "If we can get all our bills gathered, we can find out what we made last Saturday. Right now it looks as though we did something near last year."

Also to be discussed will be various aspects of Museum Day 1972. "Anyone with ideas, suggestions or thoughts on how to improve the event are welcome to come and let us have them," the chairman said.

Hondo Lions Club

Corneal tissue pledges requested for Eye Bank

Dr. Winthrop S. Duty, president of the local Lions Club, said today that a spring drive for corneal tissue pledges for the Southwest Texas Lions Eye Bank has been launched.

"For almost half a century," the club president declared, "Lions Clubs over the world have labored on behalf of the blind, the near-blind and for the prevention of blindness. Now we again plan a campaign to increase the number of Eye Bank pledges so that our bank is fully prepared to answer calls for corneal tissue.

"At no cost whatever to themselves, people need merely to sign a card pledging their corneal tissue by the Eye Bank after they, themselves, no longer need it, and only if it is called for by an ophthalmologist to restore the sight of a person who has been blinded."

Dr. Duty asked those who wish to give their corneal tissue after their death to contact a club member of himself in Hondo.

"Countless numbers of people have regained or saved the precious gift of sight

through Lions Clubs' efforts," he continued. "Potential donors might think of how much it would mean to them if they or one of their dear ones were blinded in an accident, and the Southwest Texas Lions Eye Bank furnished the corneal tissue to restore their sight."

The club president pointed out the bank, utilizing a network of short wave radio operators, was established in order to both furnish corneal tissue when and where it was needed over the nation and to call for some if it were required in this area.

A wedding date has been set for August 21 in Tuleo-Midway Baptist Church in Corpus Christi.

Mr. and Mrs. O. H. Davis, 114 Litwood, Corpus Christi, announce the engagement of their daughter, Avelyn Denise, to Clyde Parsons, son of Mr. and Mrs. S. H. Parsons, Star Route, Hondo.

Miss Davis is a graduate of Tuleo-Midway High School in Corpus Christi and attends Southwest Texas State University in San Marcos.

Mr. Parsons is a graduate of Hondo High School and Southwest Texas State University. He is a teacher at Wimberly Children's Center.

The bride-elect graduated from Robert E. Lee High School, attended SWTSU, San Marcos, and is employed by the telephone company in San Antonio.

They plan a June 19 wedding at St. Mark United Methodist Church, San Antonio.

Mr. and Mrs. Harold Steigler of Hondo announce the engagement and approaching marriage of their daughter, Sandra Louise, to Russell Lee Beard, son of Mr. and Mrs. Emmett A. Beard of San Antonio.

Miss Steigler, a graduate of Hondo High School, will receive a B.S. degree in secondary education from Texas A&I University in May. She is a member of Alpha Delta Pi Sorority, Gold Jackets Service Organization, Student Education Association, president of the Panhellenic Council and sweetheart of Lambda Chi Alpha fraternity.

Mr. Beard, a 1963 graduate of Hondo High School, attended Texas Lutheran College, Seguin, served 4 years in the United States Navy, and is now employed at a produce company in Hondo.

The wedding is planned for July 24 in St. John the Evangelist Catholic Church, Hondo.

Descendants of Adolph and Mary Nietenhoefer plan a reunion at Hondo City Park Saturday evening May 15.

Everyone is asked to bring a vegetable or salad dish and a dessert. The committee

Showers honor Wendy Porter

Wendy Porter, bride-elect of Billy Carr, was honored with a kitchen shower Saturday, April 24.

Rehearsal dinner held in Pearsall

Mrs. R. L. Hanson of Pearsall and her sister, Mrs. Richard Jordan of SA, honored Mrs. Hanson's daughter, Miss Janice Ann Hanson, and Michael Donald Haar with a rehearsal supper on April 23 at the home of their mother, Mrs. Genevieve Day.

Attending were the honorees, Brother Dan Pitts, Mr.

and Mrs. W. B. Day, Michael Jordan and Misses Karen Armke and Janice Franklin.

The shower was given by Mrs. George Pletz and Mrs. Crozier Davison in the Pletz home in Devine.

The table decor was made up of a coffee pot vase with an arrangement of flowers, flanked by the hostess gifts of an electric can opener, a recipe box, and a recipe holder.

Guests brought their favorite recipes to the honoree.

Miss Porter was honored with a bathroom shower on April 17 at the home of Mrs. Albert Schwoppe in Hondo.

Refreshments were served to 15 guests. Hostesses were Mrs. Sharon Walch and Mrs. Debbie Knappick.

Lutheran women slate meetings

The Mary Circle of St. Paul ALCW met Tuesday evening in the church annex with

Mrs. Elroy Lindenburg as hostess. Mrs. Charles Neuman led Bible study based on Corinthians 6. Mrs. Arlen Graff presented the Cause for month "Lutheran Cooperation". Mrs. Glenn Dittmar led the offering meditation.

The Bunice Circle will meet at 2:30 p.m. today in the Educational Building. Mrs. Leon Mangold will lead Bible study.

The Rebekah Circle will meet May 13 at 2:30 p.m. in the Educational Building.

Nietenhoefer reunion planned for May 15th

will prepare barbecue and beans.

The reunion will begin at 5 p.m. with the meal being served at 6. If you need more information feel free to contact Henry Nietenhoefer.

County 4-H girls win at District

The annual District 124-H Food Show was held Saturday, May 1, at the H. M. King High School in Kingsville.

Medina County Junior 4-Hers who competed were: Carol Ann Stein of Rio Medina who placed first in the bread division with potato ice box rolls; Jeanette Aelvoet, Hondo, placed first in the milk division with banana peanut butter parfaits; Kay Martin, Hondo, placed second in the fruit and vegetable division with broccoli casserole; and Paula Moos of Hondo placed second in the meat division with chicken and rice casserole.

Contestants were judged on their records of work done in foods and nutrition, on their knowledge of nutrition, their ability to plan menus, their written recipe, the table setting and appearance and flavor of the dish they exhibited.

Robin Saathoff of Hondo placed third with her apple muffins in the senior bread division. Emily Cox of Hondo received a red ribbon for her Mexican chef salad in the senior meat division.

Mariette Aelvoet of Hondo placed first with her lemon pudding cheesecake in the senior milk division. She received a blue ribbon and a Paul Revere silver bowl as a prize. Mariette will represent the district at the State 4-H Food Show at Texas A&M on June 2.

St. John's starts visitation

St. John's Visitors for Christ will visit all the members of the parish beginning this week. Purpose of the parish visitation is to get an up-to-date census of all members of the parish and to motivate

each member to give back to God a share of the time, talent and treasure which God has given to each.

St. John's Parish has about 80 active Visitors for Christ. Each visitor will visit about ten to 15 families. It is planned that each visitor will continue to be a link between the church and the families entrusted to him or her helping them and encouraging them in every possible way.

Arranging home-masses, home discussion groups, attendance at religion classes are other possible activities of each Visitor for Christ, as well as alerting the pastors to any needs, spiritual or material, among their families.

Beware of rattle snakes!

by Mary & Wanda Schott

Mrs. Sam Tschirhart, while doing her laundry, found her chair occupied by a rattler before she had time to sit down and rest between loads. The rattler seemed to be very comfortable, but not for long, because according to Mrs. Lenora Scheweers, Mr. Tschirhart came to the aid of his wife and killed the snake.

Lenora Scheweers found a little rattlesnake with 2 rattles and a button Sunday evening. Sterley Jagge killed his second rattler for the year last week.

Also, Mrs. Agnes Breiten killed a small one while weeding her flowerbed.

According to Mrs. Scheweers this must be moving time for the snakes because surely it couldn't be the rains flooding the snakes out.

Mr. and Mrs. Leo Scheweers of Del Rio and Mr. and Mrs. Oscar Bader of Hondo spent last Wednesday with their sister, Mrs. Tillie Noonan, in Castroville.

Harry and Dot Bayliff of SA visited the Johnnie Scheweers Sunday.

Visiting Mrs. Paul Schott Sunday were Mr. and Mrs. Ray Horner, Mrs. John Tarvin, Johnny and Terri, Mrs. John Lawrence and Christi, and Beverly and Wanda Schott.

Mr. Elmer Biediger spent Friday with Mr. and Mrs. Alfred F. Schneider.

Mrs. John Lawrence and Christi and Mrs. George Masters visited Mrs. Ray Horner on Saturday.

Mr. and Mrs. Claude Wengenroth visited the William Wengenroth Sunday.

The Erwin Biedigers, Kim and Vicki, and Mrs. Wilfred Moehring attended the Attaway-Fohn wedding Saturday.

Mr. and Mrs. Erwin Biediger and Mrs. Wilfred Moehring visited Mrs. Alma Barth on Sunday. Mrs. Barth's husband recently passed away.

David Haby and James Boyle caught a 34-pound fish and a 9-pound fish in the Medina River last week.

Mrs. Lenora Scheweers and Mr. Schott Wednesday.

Mr. and Mrs. Calvin Schott and Mr. and Mrs. William Biediger visited Mr. and Mrs. Alfred Tondre and family Saturday.

Mary and Beverly Schott visited Mr. and Mrs. Fred Schneider and Mrs. Ethel Shadrock in SA Saturday.

Mrs. John Lawrence and Christi and Mrs. Paul Schott visited Mrs. Albert F. Schneider Wednesday.

Mrs. John Lawrence and Mrs. William Biediger attended the surprise baby shower for Mrs. Leah Uhl at the Tommy Wanat residence in Castroville on Sunday.

Mrs. Pauline Mehr spent several days with Mr. and Mrs. Eugene Jungman. They attended the first communion of Howard Schirmer's son, McDonna. The baby is the great-grandson of Mrs. Mehr.

Mr. and Mrs. Sam Tschirhart visited the Johnnie Scheweers Thursday.

Mrs. Sam Tschirhart was notified that her sister, Mrs. Fannie Eaves of New Braunfels, is very ill and is in a SA hospital.

The Johnnie Scheweers were among the many attending Hondo Museum Day May 1. While in Hondo, the visited the Charles Schleintz family.

Mrs. Sam Tschirhart and Mrs. Sammy Tschirhart visit-

Hondo Methodist congregations unite

Marking a historic moment, congregations of the First United Methodist Church and Simpson's Chapel Methodist Church on Sunday, April

The Rev. C. Jordan Mann, district superintendent, performed the consumation by getting leaders of both churches to join hands for the ceremony.

Simpson Chapel first began on Hondo Creek in 1890 with the Rev. J. H. Holden as pastor. On Nov. 27, 1920 the original building was torn down and the church was moved to its present site, and the Rev. W. M. White served as pastor.

During the years from 1920 to 1941 Rev. Richardson, Rev. Mosby and Rev. Watson served. In 1941 Rev. Soul White served.

Other ministers included: Rev. Leo Haywood, 42-45; Rev. B. A. Bayers, 46-47; Rev. Winn Ellison, 48-49; from 1949 to 1956, Revs. E. J. Tanner, Dellander, W. B. Lott, W. L. Andrews, W. M.

Mooney, Fields, Rogers; 56-62, Rev. Harvey Kinchlow and from 1967 to 1971, the Rev. Antone Dykes. Rev. Dykes now serves as assistant pastor with Rev. Dick Lowry.

The first Methodist Church of which there is a memory was a log hut on the east bank of the Hondo, south of where the highway bridge now crosses the river. In 1859 a tract of land was deeded as a gift to the Methodist Episcopal Church South, and a rock church was built there. It was situated on the North Bank of the Hondo River, east of the present town of Hondo and is now known as the old Masonic Cemetery.

After a cyclone destroyed a later church in 1896, the present church (or the older part) was completed in 1898. In 1913 the annex was built and in 1947 the church building was remodeled and the upstairs was added.

This week

That's all she wrote

by Edna McDade

It's magnolia blossom time in Hondo again, y'all, and when they are within scope of my peripheral vision as I drive by yards that boast the sturdy trees, I enjoy, enjoy, enjoy their ivory-white waxen beauty.

Lady Banksia roses, among my favorite climbers, made a brave showing but the drought put a real hitch in their gitalong this year. However, it takes more than a long dry spell to discourage grassburr and the pesky pests still thrive in a few spots in my big yard - always seeming to grow the sharpest in areas where I happen to walk while wearing my newest and last pair of runnerless nylons. On such occasions I never fail to get the point.

If you were not among the crowds of folks who were present for our Museum Day last Saturday, you really missed SOMETHING, and more's the pity.

Among the small folk who caught my roving trifocals were 14-months old DAVID, son of JIM and DORIS (Moehring) MENKE, of Baytown; and KELLY, year-old (on April 24) daughter of RUSTY and GENEVA (Moehring) MASTERS, now of S.A. David had a friendly "Hi" for all and sundry. His cousin got her message across by winsome smiles.

Proud smiles were also being worn by their grandparents, the HERBERT MOEHRINGS, happy to have their visitors home again.

Also present and having the time of his almost-three years was MICHAEL ANTHONY, happily adopted son of PETE and JOYCE FLORES. They recently moved here from Edna. Pete is an X-ray technician at Gary. Michael has a grin and a personality that require no X-ray to see that he has a happy future ahead.

HECTOR (11) and VELMA (5), a kindergartner in the Templo Bautista School where Mrs. MARY DELGADO teaches, were keeping close to their parents, RAMON and LITA GARCIA of 807 Ave. T, and having what they assured me was "a whole lot of fun and seeing many pretty things."

Know what family I missed most among the day's visitors? The PURPLE MARTINS. I did see the ROTHE (Mary) MARTINS.

The birds missed a good meal because the skeeters were out in full force in the grassy areas, and indoors, having a go at some good eating themselves.

Supplying nourishment were MORRIS SHELTON, his son-in-law JIMMY TIMMERMAN and ROBYN (8).

Robyn said she was glad that her little sister, TRACY (8 months) wasn't "getting chewed on, too." She was at home with her mother, DOLORIS, and Grandmother JOHNNIE SHELTON.

In the auction arena, I met the HERMAN POERNERS of D' Hanis, parents of NELLIE (Mrs. Myles) WEYNAND and JANICE (Mrs. Jack) ZINSMEYER.

Mrs. Poerner said the display of sad irons brought back "sad" memories but generated "no desire to ever own one of the miserable things again."

Remembering the days when she ironed 18 ruffled, pleated or tucked cotton dresses for her two little girls, she said, "My vote goes to the inventor of the electric iron." And to the wash-&-wear era?

Eagerly anticipating a first meeting with their first and only grandsons are JOHN and ELIZABETH McANELLY. The boys are now naturalized American citizens.

DAVID JON, son of Lt. JOHN and MRS. (Sue) McANELLY, was born Dec. 23, 1970 in Italy. His first cousin, LANCE DeSHA, is the son of Lt. PHILIP (Bobby) and MRS. (Linda) McANELLY and he discovered Germany on Jan. 5, 1971.

Parents and sons are expected to arrive here sometime in June for a happy family reunion with Medina County relatives.

Perhaps they should be brushing up on appropriate greetings for David and Lance, such as: "Erst gern geschehen" (which my English-Deutsch dictionary identifies as "You are welcome") and "Così fan tutti", which is the only Italian phrase I know and which means (I hope!): "That's the way of the world!"

Rothe helps Longhorns to title

A former D'Hanis High School athlete had a big hand in helping the Texas Longhorns win the SWC baseball championship this spring. He's Walt Rothe, son of

Mr. and Mrs. Bonnard Rothe of D'Hanis.

In Monday's sweep of a double header against A&M to wrap up the crown, Rothe belted the ball for three hits in four trips in the opener.

One of the hits was a double, and the D'Hanis product drove in two of the Longhorns' 9 runs.

Rothe had a pair of hits in two at bats in the nightcap including a sacrifice fly. Tex-

as won that one 3-0.

The former D'Hanis athlete was the subject of a lengthy column by George Breazeale noted that while the rest of the Longhorns were jubilant over thrashing Rice

Saturday 12-4 for a clear shot at the SWC title, Rothe was disappointed.

Going into the game he had hit safely in 14 consecutive games. He needed only one more to tie the conference record set in 1954 by Baylor's Mickey Sullivan.

But it just wasn't Rothe's day. Although he went to the plate five times, he went hitless. In his first trip he

flied out, then grounded out, and lifted a fly for his third trip. He drew a base on balls on his fourth trip to the plate, and ended his chance at the record on the final time at bat when he hit into a force play.

Rothe had a .377 season average last week with eight home runs. He connected for two in one inning against Rice in the opener Friday.

Hiway 90 baseball reunion to start with golf tourney

The Highway 90 League baseball players reunion Saturday, May 15, will get underway with a golf tourna-

MEDINA COUNTY ABSTRACT COMPANY

ment at Hondo Municipal course and will wind up with a barbecue supper and dance in Castroville's Koenig Park.

The gold tournament, according to chairman Dr. John H. Jennings, will begin at 8 a.m. It will be featured by competition by the Calloway System as well as 9-hole and 18-hole handicap events.

Following the tournament food and drink will be served in the clubhouse. Cost of the affair, including green fee, refreshments, and prizes, will be \$5 per player. Jennings said.

The barbecue supper, under direction of Billy Tschirhart of Castroville, will begin at 6 p.m. Following the meal, golf prizes will be awarded as part of a special program to be staged.

Blue Jays drop one

Hurler Efrain Rodriguez from Yancey held the Giants from Castroville to 4 hits, but tired in the sixth inning and the Giants defeated the Blue Jays 14-1 Sunday.

Jerry Burrell pitched a two

hitter for the Giants. Sunday, May 9, the Blue Jays will play Rudy's Lounge of the Hot Wells League from San Antonio. All Blue Jays players are asked to be at the Eastside Park by 1:30 p.m. Game time starts at 3 p.m.

Parents Know the Drug Threat

The child you save
may be your own

By

Jerry Williamson
Hondo
Chief of Police

Today's Subject: Some Other Drugs
Most Commonly Abused

Today we will go over some of the drugs most commonly used and abused so we will all be familiar with terms and types for later discussion.

ORAL AMPHETAMINES: These are stimulants. On the street they are referred to as "Bennies," "Whites" (round and white). Also in this category are "Dexies" (green and white capsules) and "Hearts" (green, heart-shaped tablets). These are what are commonly called "pep pills" or diet pills. Taken orally, Amphetamines stimulate the central nervous system, the brain and spinal column. Users, under the influence of these drugs, will usually be argumentative, overactive, unusually talkative, generally unable to eat much, unable to sleep, and show a marked release of inhibitions. (It is not unusual for one under the influence of these drugs to suddenly remove his clothing for no reason.)

Users usually demonstrate mental confusion, unpredictable, and irrational behavior, even violent behavior may result. Use is biologically harmful too because it destroys body reserves and makes the user extremely vulnerable to disease. These are illegally available on the "street market" (about 8-10 for \$1) yet many youngsters obtain oral Amphetamines from the home medicine chest (parents' pep or diet pills).

Note: Most "street market" (black market) Amphetamines are made by illegal laboratories, often by experimenting amateurs, using imbalanced chemicals in unsterile surroundings.

INJECTED METHAMPHETAMINES: These are referred to, among other terms, as "Speed" or "Meth" and are far more potent, faster acting and, of course, extremely harmful. Users on injected (intravenously) Methamphetamine are usually extremely confused, very unpredictable and irrational. Violent behavior is common and toxic psychosis (sick and insane) may result. Sometimes users get on a "Speed" or "Meth" run. A "run" is an intravenous injection as often as every 4 hours for 3 to 6 days, with no eating and no sleeping. During these periods the user is extremely overstimulated and out of control, or in terms of the street he is "strung-out" or "up-tight." And he will show acute signs of paranoia — he sometimes collects weapons because he is convinced that people are plotting his death. On occasion a user gets the feeling he must "kill or be killed." A zoom lens effect of the eyes (like a camera zoom lens) makes the user even more paranoid because objects and people loom up before him, disappear and alarmingly reappear.

When injections are stopped after a "run," the user "crashes" — this means he goes into a period of hallucinations and deep sleep coma lasting from 18 to 48 hours. He awakens famished, eats huge amounts of food, particularly sweets and liquids. He is extremely fatigued, very susceptible to disease and deeply depressed. At this point, many users will take an oral Amphetamine to get going again.

"Speed" is available on the "street market" in papers, a small paper package, at about \$3 to \$5. It sells for about \$100 an ounce. Speed aggravates any heart condition and can cause strokes in susceptible people. It is toxic to any healthy heart and also to the blood vessels as it increases heart rates, blood pressure and can cause shock and death!

Another powerful stimulant is Cocaine. Its effects on the body and mind may even exceed those of Speed. Cocaine, an extremely hazardous drug, is being imported in increasing volume from South America and Cuba and is being used at alarming rates by young people. (A grain costs \$40 to \$50 and makes 10 capsules.)

Let's go further into drugs next week. We have more information to cover on the subject that will be beneficial for you to know. If you already know this data, it will be helpful to brush up on it.

This series brought to you as a public service by the following civic-minded merchants.

Golf trophies won

Evelyn Winkler (l) and Sue Ann Graff represented Hondo in the State Publinks golf tournament at Olmos Basin. The match play tournament was held April 24 through May 1. Evelyn and Sue Ann were successful in defeating all their opponents until the final matches. Both are first runners-up in their flights and received trophies. "We are very proud of our representatives," said Mrs. Damon Westbrook, president of Hondo Women's Golf Association.

We talked about people we knew and the music business today. Hank truthfully said he wouldn't know how to start today because the business is

HONDO, TEXAS

THURSDAY, MAY 6, 1971

County Agent

Pointers listed for pecans

Glenn Bragg

The proper planting and training of pecan trees is one of the most important practices in a complete orchard management program, explains County Agent Glenn Bragg.

The three keys to success is transplanting this popular tree, adds the county agent, are starting with vigorous and fresh pecan nursery stock; keeping the root system moist;

at all times and reducing the budded or grafted top by a third to a half at planting time.

Sturdy, vigorous trees should be obtained from a reliable nursery and they should be checked for a root system that is free of crown gall or nematode damage. The top should be well grown and identified correctly as to the variety desired. The county agent notes that a moderate-sized nursery tree will suffer less "transplant shock" and usually will become established sooner and grow off faster than a larger tree.

The hole in which the tree is to be planted should be wide and deep enough to accommodate the root system of the tree without the bending of any of the roots. A power auger, 12 to 18 inches in diameter, is an excellent tool for digging the holes when considerable numbers of trees are being planted.

The tree, after the top and roots have been pruned, should be planted at the same depth it stood in the nursery row. The roots should be arranged in their natural position and friable top soil should then be worked around the roots. The hole should be filled about three-fourths full of the top soil and water should be added to settle the soil, eliminate air pockets and to keep the roots moist. After watering, loose soil should be added to complete the hole filling. It's a good idea to leave a basin around the tree to facilitate future waterings, says the agent.

The training of the young tree should start after the second growing season. The tree should be pruned so that it will grow into a strong tree capable of holding up well under heavy nut crops and will not be subject to storm damage. Material on the subject is available from Bragg's office, he said.

His wife, Doris, is the daughter of Mrs. Phil DeCock of San Antonio.

Lt. Dennis Bippert

Our people in service

Second Lt. Dennis H. Bippert, son of Mr. and Mrs. Joseph H. Bippert of Castroville, has been awarded his silver wings at Reese AFB, Lubbock, upon graduation from U.S. Air Force pilot training.

Lt. Bippert is being assigned to Reese for flying duty in the T-37 jet trainer aircraft with a unit of the Air Training Command which provides flying, technical and basic military training for U.S. Air Force personnel.

The lieutenant, a graduate of Medina Valley High School, received a B.S. degree from Sul Ross State University, Alpine, Texas. He was commissioned upon completion of Officer Training School at Lackland AFB, Texas.

His wife, Doris, is the daughter of Mrs. Phil DeCock of San Antonio.

Daniel M. Snyder

Army Private Daniel M. Snyder, son of Mrs. Jack Snyder, Route 1, Hondo, recently completed a seven-week wheel vehicle mechanic course at the U.S. Army Training Center, Infantry, Ft. Ord, Calif.

During the course, he learned to perform organizational maintenance and assist in the repair of automotive vehicles and associated equipment. He became familiarized with the functioning of automotive wheel vehicle components, operating principles of internal combustion engines, fundamentals of fuel and electrical systems, and the use of test equipment.

Pvt. Snyder entered the Army last November and completed basic training at Ft. Ord.

Mrs. Iven W. Thompson was host to the Happy Valley Needle Club at her home on Wednesday, April 28. Ten members answered roll call. Mrs. A. B. King presided. After the business session, a social hour was enjoyed and refreshments were served by the hostess. The next meeting will be the annual club picnic on Wednesday, May 12, at 11 a.m. at Chacon Lake. A business meeting will be held in the afternoon.

Mr. and Mrs. Hector Hernandez and sons, Hector, Jr. and Richard, have been making trips to SA each day for the past 10 days to visit Mr. Hernandez's parents, Mr. and Mrs. Fidel Hernandez. Mrs. Hernandez fell and broke her hip on April 20 and had hip surgery on Wednesday at Baptist Memorial Hospital.

Mr. and Mrs. A. M. Mosley and Keith motored to Beaumont for the weekend with Mr. Mosley's sister and brother-in-law, Mr. and Mrs. James L. Polk, and his brother and sister-in-law, Mr. and Mrs. Thomas J. Mosley, who were visiting from Nederland.

Mr. and Mrs. John R. White and sons, Brent, Bryan, and Barry made a trip to Hemphill Wednesday and visited with Mrs. White's aunt, Mrs. Verdie Alfred. They attended the funeral on Thursday of her uncle, Mr. J. D. Easley.

Mrs. Michael D. Haar of SA spent Monday with her grandmother, Mrs. Genevieve Day.

Rosalie Capps, Betty Kornack and Sharlene Sherry honored Cindy Capps on her 10th birthday with a skating party at the local skating rink. Refreshments were served to 14 guests at Cindy's home.

Mr. and Mrs. A. J. Saldana and Ralph, Mrs. Mary Pena and son, Louie, and Mrs. Santa Valdez went to SA Sunday afternoon to attend the football game between the Ft. Worth Braves and the SA Toros at Northeast Stadium. The score was 38-21 in favor of the Toros.

Mrs. J. P. Short and Mrs. Flo Danford of Houston spent the weekend visiting Mrs. J. H. Porter and other friends in the vicinity. Mrs. Short, who formerly lived on Route 1, Devine, recently moved into her new home in Houston.

Kenneth McIntosh is now a patient in Oak Hills Haven Rest Home in SA and his sister, Mrs. Frederick W. Welz, reports that he is showing improvement.

Mrs. Ray Chant made a trip to Houston on Thursday for an overnight visit with her daughter and family, the Johnnie Richeys.

The Joe Petri family spent the weekend with relatives in Louisiana. They returned home Monday.

have filed for baccalaureate degrees, 319 for master's and 143 for doctorates.

Degree candidates from Hondo are Edward Louis Wernette, Yancey Star Route, BS degree in agronomy; James Richard Meyer, 1008 27th, BS degree in zoology; and Lawrence August Rothe, Jr., D' Hanis, BS degree in veterinary science.

Three Hondo area students

are among the record 1,731 candidates for spring graduation at Texas A&M University, College Station, announced Registrar Robert A. Lacey.

Commencement exercises will be conducted May 7 for students earning graduate degrees and May 8 for undergraduates.

Lacey said 1,269 students
